To Whom It May Concern:

It is with great pleasure and delight that I present this letter of recommendation, on behalf of Chris Singley and his team at Jacquin & Sons. Our school was recently approved to add a two-story administrative/media center building to our campus. Prior to being awarded the job, Jacquin & Sons competed with several other contractors, from throughout the area, to build this project. I was fortunate enough to sit in on the selection committee and was extremely impressed by the attention to detail that Jacquin & Sons was able to convey during their presentation. Needless to say, I was not surprised when they were awarded the contract.

As the project has progressed, the level of communication and professionalism continues to be exemplary, as I have been fortunate enough to exchange in daily communication with the project's Superintendent. Most importantly, from my perspective as a Principal, they have consistently sought my input as it relates to maintaining the functionality of our daily activities. Prior to making any decisions that could potentially impact our typical routine, I am always notified and that is something I most grateful for!

In addition to the daily informal communication that occurs, I am invited to attend a weekly construction meeting with Jacquin & Sons and other members of the project. To accommodate my schedule, they always place the school's concerns as the top item on the agenda, which is greatly appreciated! In addition, I am furnished with a copy of the minutes from every meeting, in the event I needed to refer to any of the information that had been shared. The team continues to share critical stages of the project that may impact our daily activity and is always willing to work around what is most convenient for our students, parents and staff.

As I am sure you can sense with my letter, my experience with this company has truly been exceptional! In the event that Jacquin & Sons is selected to enhance your campus, I have every expectation that you will be extremely pleased as well.

Respectfully,

Jeffrey Raimann

LAURIE J. GAYLORD, Superintendent
