

**BOARD OF
COUNTY
COMMISSIONERS**

**SOLID WASTE
BALING & RECYCLING
FACILITY**

January 7, 2015

To Whom It May Concern:

Paul Jacquin & Sons, Inc. was responsible for the construction of the Single Stream Processing Facility at the St. Lucie County Baling & Recycling Facility. This was a complex multimillion dollar project that Jacquin and Sons handled with extreme professionalism. Their onsite construction team and management team handled all design changes and contract adjustments during construction with confidence and ease.

I would recommend Paul Jaquin & Sons, Inc. for any job they would undertake.

Please feel free to contact me if you have any questions.

Sincerely,

A handwritten signature in blue ink, appearing to read "Ron Roberts". The signature is fluid and cursive, with a long horizontal stroke extending to the right.

Ron Roberts
Solid Waste Division Director
